## Instructions

1. Submit the data elements defined in this data dictionary for all paraprofessional and classified employees (employees **not included** in the Certificated Staff Accounting data) through the State Report Manager (SRM) at <https://srm.eed.state.ak.us/srm/unprotected/welcome.do>. Paraprofessional and classified staff include: instructional and non-instructional paraprofessionals/aides; administrative support staff; officials and administrators; school administrative support staff; classified nurses and all other support services staff.

A template can be **requested** by emailing [tim.workman@alaska.gov](mailto:tim.workman@alaska.gov). The template is an Excel spreadsheet pre-populated with all the data reported the previous year. Any new fields will have a column heading, but no data. If your personnel records are in a database that you query to gather the requested information, this spreadsheet will act as a template for your final report. If you hand enter the data into the report each year, this spreadsheet is updateable and should be used as a starting place for your final report.

To accommodate the different computer systems in Alaska and to facilitate data reporting, districts have the following preferred file format options for reporting data:

- Tab-delimited (.TXT)
- Comma-separated (.CSV)

*For further instructions on submitting through SRM, please see [Appendix C](#).*

2. After the completed data file is submitted, you will then receive a Validation Summary Report that lists errors that need to be corrected and warnings where verification is needed. Make corrections in file.  
*For list of validation rules and error message details, please see [Appendix D](#).*
3. Resubmit file with corrections through SRM or to Alaska Department of Education and Early Development (EED). Repeat steps 1 & 2 until no more errors.
4. Certify/verify that file is accurate through SRM.

**Clean data is due by October 15<sup>th</sup> of each year.** Districts that have not submitted complete clean data will be included in an official notification to the Teacher Certification Administrator. An unofficial email will be sent to all district contacts at least one week before the official notification to the administrator. District contacts are expected to monitor the completion status of their data submittal and insure that the department has correct district contact information.

**Note:** The State Report Manager (SRM) is an online automated data collection process where you will upload your file and receive immediate data validation.

## General Information

**All paraprofessional & classified employees employed by the district as of October 1 must be included in this report.** This report is updated annually and is due to EED by October 15 of each year.

Information provided in this report is included in the No Child Left Behind report and Consolidated State Performance Report to the U.S. Department of Education. (AS 14.50.080) The data is also used in many statistical reports, including the Alaska's Public School Districts' Report Card to the Public, the federal Common Core of Data, the federal Special Education Personnel report, requests from the legislature and other special requests from state agencies.

After all errors are corrected, any warnings on the Validation Summary Report will need to be certified that file is accurate by a district representative through SRM.

### **Adding, Changing Schools, or Deleting Staff Members on Template**

#### *Addition of new staff members*

If you need to add new staff members, insert rows on the spreadsheet under the appropriate school and enter the information for the new staff. **Please include all data elements on each new staff member.**

#### *Addition of new job or teaching assignment*

If listed staff member has a new job, insert new record and remove/delete old record from the spreadsheet or overwrite old data in record making sure all data elements are updated appropriately.

#### *Changing staff members from one school to another*

If you need to move staff members from one school to another, cut the data from the old school and paste the information under the appropriate school on a new line. Make sure to include all data elements.

#### *Deleting staff members from district*

If a listed staff member no longer works in your district, is on sabbatical or on leave for the entire year, remove his/her name from the spreadsheet by deleting all his/her information.

### **Staff on Sabbatical or Leave of Absence**

Staff on sabbatical or leave of absence for the full school year **should not** be included in the Paraprofessional/Classified Staff Accounting Data Collection.

Staff on long-term but not full year leave (such as a maternity leave) should not be reported in the Paraprofessional/Classified Staff Accounting Data Collection if not working on October 1, 2014.
